

PRE-APPRENTICESHIP PROGRAMMES

ENROL NOW

Our **Pre-Apprenticeship Programmes** are a great stepping stone into your chosen Apprenticeship.

We offer an introduction into the career you want to pursue and help you to develop the skills, knowledge and behaviours you'll need to be prepared for a full Apprenticeship.

The programme is a perfect first look at the industry in which you hope to kick-start your career.

We offer Pre-Apprenticeship programmes in the following subject areas:

- ✓ **Business Administration**
- ✓ **Construction**
- ✓ **Welding & Fabrication**
- ✓ **Hospitality & Catering**
- ✓ **Childcare and Teaching**

Did you know...?

We also offer a wide range of full-time study programmes for school leavers. See northumberlandskills.co.uk for details.

Harry's story

"Before I came to Northumberland Skills, I was in Sixth form doing my A Levels, but realised it wasn't for me.

After my Level 1 (Pre-Apprenticeship), I ended up finishing early and I got my Electrical Apprenticeship. All the staff and lecturers at Northumberland Skills are really good and they support you with everything you need.

I prefer an apprenticeship because I think university, for me, isn't worth it – I think that learning and earning at the same time is a much better way to go about it."

Harry is a Level 3 Electrical Installation Apprentice, studying at Northumberland Skills' construction campus in Seghill

MORE INFO AND NEXT STEPS

If you need advice and guidance about your next steps or have any questions about how an apprenticeship could work for you, get in touch with Lyndsay James in the Northumberland Skills team on 07976 847 900 or email apprenticeships@northumberland.gov.uk

APPRENTICESHIP TRAINING PROGRAMMES

for you

Explore apprenticeship training programmes available for you across Northumberland and the North East from Northumberland Skills

Earn while you learn

WHY CHOOSE AN APPRENTICESHIP?

If you want to earn a salary whilst gaining a trade and learning new skills to boost your career opportunities, an apprenticeship training programme with Northumberland Skills is a great choice.

HOW DOES IT WORK?

Apprenticeships offer a mix of training and skills development plus on-the-job work with an employer. This means you'll have a job with an employer and be a working member of their team, whilst continuing to develop skills essential to your job and personal development.

Alongside your job, you'll spend time at Northumberland Skills where you'll benefit from a tailored programme of training to complement your job role and boost your skills and confidence.

You will complete coursework to achieve nationally recognised qualifications, all the while you'll be getting paid by your employer, so it really does offer the best of both worlds.

WHICH CAREER PATHS ARE ON OFFER?

Explore your career of interest from the opportunities on the right >>>

Catering Apprenticeships

Unleash your passion for food and creativity

An apprenticeship in catering and professional cookery will prepare you for a variety of professions across the catering and hospitality sector, including: training to be a chef, bar staff, barista roles, food service and management.
