

# Learn. Discover. Grow.

We focus on your needs and aspirations to make sure that methods and levels of study are best suited to you, as well as working with you to boost your confidence and underpinning skills for work and life.

As well as your core programme of study with us, you'll gain a number of skills, including English and maths, as well as digital skills to give you a competitive edge as you progress into work or further training.

## All Northumberland Skills learners gain access to:

- A more hands on way of learning to give you practical skills and knowledge
- Qualifications that are recognised worldwide
- Excellent pastoral and academic support from our dedicated staff
- Progression to further or higher education, or employment
- A learning environment to help you reach your true potential
- Skills and experience to give you the best start to progress to your future career

## English and maths

If you have not yet achieved a grade 4 or above, you'll also work towards a GCSE or Functional Skills qualification as part of your course. If you have a grade 3 in GCSE English and/or maths, you will continue to develop your skills through GCSE sessions. If you have lower than a grade 3 in GCSE English and/or maths, you will study Functional Skills then progress to GCSE.

## Study skills and tutorial with experience of work and work experience

Tutorial and study skills will complement your accredited course and provide wrap around support. This includes topics such as:

- Employability skills
- Finances
- Interview skills
- The world of work

Pastoral support will assist you to develop the skills needed for independent study and help with completion of coursework. One-to-one support is also available to offer individual support on an ongoing basis.

Leadership and enterprise skills alongside health, wellbeing, and confidence, ensure that your professional and personal development are prioritised alongside your studies. Experience of work and work experience relating to your vocational area is a vital component to boost knowledge and transferable skills.

# Electrical Installation (Level 1)

Study programme information

## KEY FACTS

<b>Qualification title and level:</b>	Diploma in Electrical Installation (Level 1)
<b>Awarding organisation:</b>	City & Guilds
<b>Duration:</b>	36 weeks
<b>Study location(s):</b>	Seghill

### Who is this course for and what will I gain?

This course offers the City and Guilds 7202-01 qualification and is ideal if you are new to the electrical industry. It is designed to give you the understanding and underpinning knowledge to progress onto further qualifications, helping you begin your journey to becoming a qualified electrician.

### What units will I study?

Topics covered can include:

- Structure of the Construction Industry
- Fundamental safe working practices
- Environmental and sustainability measures in domestic dwellings
- Site preparation or working in the construction industry
- Carry Electrical Installation wiring and terminations
- Fabrication techniques for Electrical Installations
- Electrical science and technology

### How and where will I study?

You will study at our Seghill Construction Centre. Learning is through a mix of classroom and workshop-based sessions.

### What are the entry requirements?

To study on this programme, you will have achieved a grade 4 or equivalent.

### How will I be assessed?

You will be continuously assessed through practical skills tests and online exams.

### Progression and careers:

After completing this course you will be the ideal candidate to move onto an apprenticeship or a Level 2 qualification. If you choose to continue your studies in this field, you'll be well on your way to a career as a qualified electrician.
